Dear Jim,

Although you said not to respond to your letter of the 4th (and I can't do much because I've got an attack of bursitis and shouldn't type at all), there are several comments I should make.

I don't believe Arcacha ever met Oswald. He could not have in N.O., so I can only wonder about Caire's comment on this. Of course, I look forward to seeing your notes and hearing the tape.

With this good beginning, when you see Bringier again, see if you can get any of ~~this~~ anti-Semitic literature. A little Jew-baiting can help (as with ~~LHO~~ Lane and Sahl'd closeness to Garrison, the activities of the Anti-Defamation League in financing the trapping of that patriot Tarrant who was only trying to bomb that Jew nigger-lover in Meridian, etc. (if you know this story).

The Butler literature may be interesting, as can the Spanish Dallas coverage be.

By the way, was there any racism (anti-Black or anti-Jew) in the Toledano campaign?

B didn't tell you the whole truth on when he met LHO or how many times.

It was, at the very least, earlier, and I suspect more than once.

Have to wait until I can hear the tape. Hope you can dub and send it, for I stay too busy and will want to hear it when I can take time from more pressing work.

If we've not been in touch by then, have a good holiday.

Sincerely,
